The Songs on Meru
1.1. The Song on the
Bearer of Meru
Composed by Aniruddha

Lead us from the unreal to the Real,
Lead us from darkness to light,
Lead us from death to immortality.

May we know
The Blessed Bearer of the Meru,
May we meditate on
The bearer of the three peaks,
May the Goddess inspire us.

Omn Peace Peace Peace

1. I salute in adoration the Meru Devee,
The Controller of the abodes,
The Auspicious,
Who is situated on the panoramic peak of
the Meru bearing the sixteen facets.

2. I adore constantly the Moon-faced,
Who wanders in the garden of the
jamboo trees (Rose-apple trees),

Who dispels the doubts,
And Who has the form of the golden
deer.
